

## One Pager Directions

A one pager is a way to visually share key ideas and information from what you have learned. When you create a one pager, you are trying to use both visual symbols and important words to clearly and concisely share your most important takeaways with someone else.

For this one pager, I've provided you with a template.

### Here's what it **MUST INCLUDE**:

- A border which somehow represents the key themes from what you have read
- An image in the upper left hand corner with a quotation woven into or around it. This image should somehow represent what you consider to be the most important symbol in the text so far.
- Images and/or doodled words in the upper right hand corner that represent the key characters from the text and perhaps how they are changing
- Images and quotations in the lower left hand corner that show the author's style of writing, and the power of the language that is used
- Images and/or words in the bottom right hand corner that show connections between the themes and ideas in the writing and what is going on in the world today.
- Three important quotations from the text
- Words and/or images that show the significance of the setting in some way

You may also add other symbols, drawings, and words that represent the reading as you wish.
